

Hard times have fallen upon the American economy. Not only has the price of living risen, but also the cost of caring for the final arrangements of a loved one. As fellow local residents with our own families to care for and our own budgets with which to contend, we keenly understand the plight of those families who must finance the loss of a loved one.

In gratitude for the loyalty and trust the community has placed in us for more than fifty years, we are offering a pre-burial, pre-need donation program. This program entails a free burial plot donation to each family who purchases ground space from us. In other words, a couple would receive two burial plots for the price of one.

We encourage you to “comparison shop” at the well-established cemeteries in the area; we believe you will find that we are among the less expensive cemeteries in Northwest Indiana where you still receive outstanding quality service. (We also have interest-free payment plans as well.)

Please call for more information at (219) 322-2050.

Sincerely,

Scott Gross
Director of Cemetery Operations
Memory Lane Memorial Park
