“ Wow, where do I begin! You were a huge part of my life. You were not just my mother in law but my friend. I could talk to you about anything. You were ALWAYS there to listen or give your opinion (haha) and were always honest about it no matter what way it went. I am so thankful for every day after having Brooke you came and took care of me while Randy had to work. You were always finding time for your family even though you worked a full time job. You were always making dinners and we would all eat together. The holidays were unbelievably special spending time with you and Dave. All of our car trips to Kmart or Walmart just because. Though there were a about 6 years that were rough we found our way back to each other and were able to have a bond again which I am so thankful for and I know you were as well. I still have the card you and Dave got me after all the time had passed and how thankful you were to me. I will cherish these memories forever. The most important thing about you to me is how WONDERFUL of a grandmother you were to Brooke and Jorie (our girls). I could probably write a small book with all my memories with you. I thank God you were and are still part of my life. You are and will always be missed. Love you more than you probably ever knew Pat.
