“ *There are not enough words to express the great loss I feel. I only worked with Linda for a few years, and in that short time we became not only co-workers, but friends. Her beautiful smile, crazy ways, and "people" personality made it a pleasure to have her around. What ever floor activity was planned, she was the number one support at my side. She also treated the floor to warm, fresh baked cookies every Friday for several months, and her candy dish was a number one hit. Rest in Peace - I'm sure you are bringing joy and laughter up above.*

“ Linda you will be missed. We met during "Project Sunshine" and grew to be good friends in our professional lives. Her laughter, her smile, and her love of her dogs preceded her everywhere. I will never forget her arriving for a meeting in Bellingham by train from Chicago. She took it just for a change of pace from flying and just to be different. I will miss you my friend and your wise counsel. I know you are bringing some "Sunshine" to heaven.

Condolences to your family. This is a huge loss. May God carry you through your grief.

“ Linda was my soul sister. She taught me so many things over the course of our friendship. She was wicked smart, generous beyond belief, always prepared, funny as all get out, stubborn in her own righ, fiercely loyal and a natural beauty. We hired into BP the same year and never looked back. I will treasure our adventures until we meet again. Go Blue! TGIM!

I had the pleasure of working with Linda for many years when I was one of the Refinery Operations Coordinators at the Whiting Refinery. I and many others relied on her expertise and technical knowledge during environmental situations. She was always engaging and had a high sense of urgency. What a loss to all of us.
