“ I was introduced to Bob many years ago through a family friend of my Mother. Since that time we became very close friends and I started caring for him as needed. I loved going and seeing him and talking about his interesting heritage. Towards the end I would go there and spend time with him, making sure he had good meals and taking his meds. Then I assisted him with whatever his needs were. While I was there with him I loved turning on old movies which he loved! He was the kindest most gentle person and a very important part of my life! After all these years, found a church directory from 1986, as he lived here in Merrillville. Could not believe it, as his family picture in the directory was right next to my family picture! I never knew this. Also found out that his son went to the same High School as I did! Will treasure many happy memories with him and will never forget him! He would have celebrated his 93rd Birthday today! May he rest in peace! He had a great impact in my life! Love to him always and forever! Linda Carey
